Vasudha

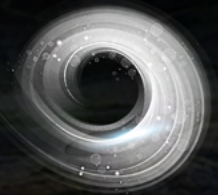

collection

Prithvi (Earth)

Tej (Solar Energy)

Vayu (Air)

Jal (Water)

Nabh (Sky)

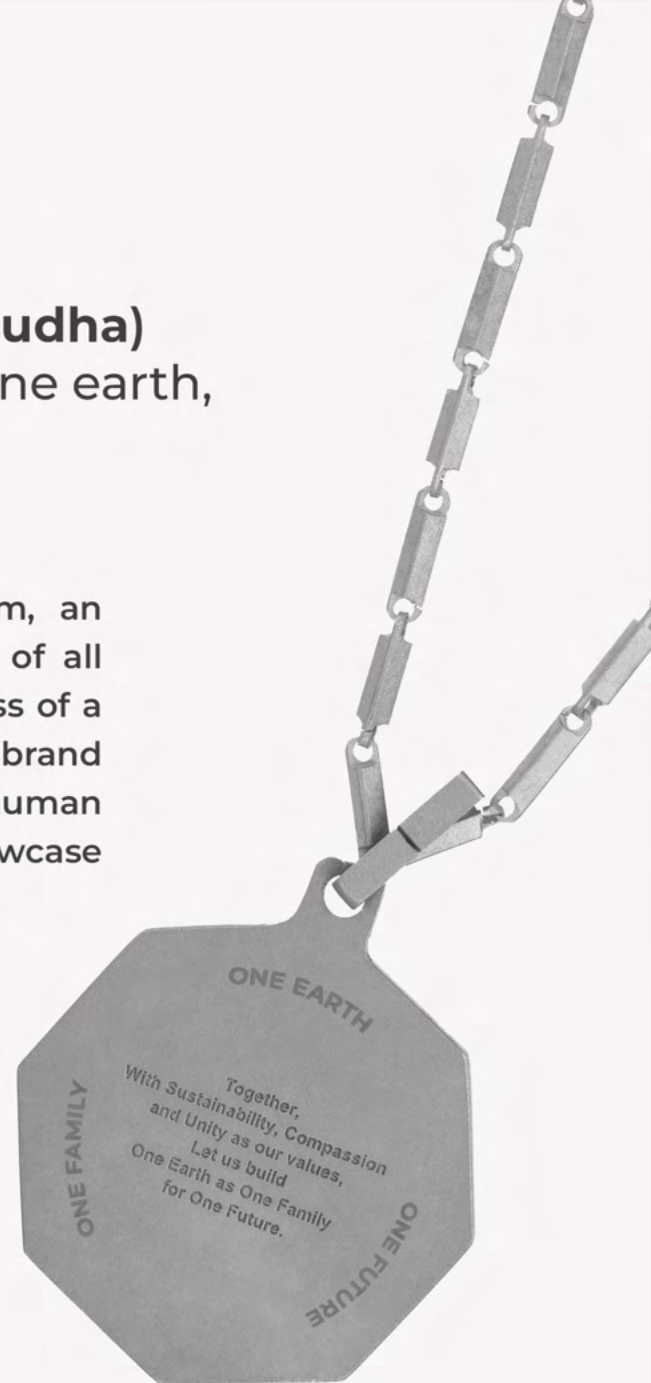

Inspired by our ancient texts, the Rig Veda, our Vasudha pendant embodies the harmony of 5 elements (Panch Tatva) air, earth, water, sky and solar energy.

माता भूमिः पुत्रोऽहं पथिव्याः।

We are all children of this earth (**Vasudha**) and our piece reflects our belief in one earth, one humanity.

The name stems from Vasudhaiva Kutumbakam, an ideology that has been ingrained in the psyche of all Bharatiyas, which respects the inter connectedness of a single, global family. The accessory reflects our brand ethos, our savoir-faire, one where the desire for human dialogue and consciousness come together to showcase a design, a language of refinement and innovation.

Our piece made from the industry's first combination of Aerospace Grade Titanium, ReBorn Gold and ReBorn Natural Diamonds, is the first in the world that has been proudly developed and handcrafted by our artisans, showcasing meticulous attention to detail and imbued with profound symbolism. The accessory has been a creative vision come to life, a vision that absorbs a piece of culture and history to create tomorrow. It's about curating effortless luxury to be the opulent, conscious tastemaker for those who appreciate the earth and the finer things in life.

Mission

Redefining Luxury with Iconic Titanium Masterpieces
that embody Individuality and Sophistication.

Vision

Crafting Sustainable, High-End Titanium Jewelry that
exudes Elegance and Exclusivity.

At AuTiC, our journey is more than the making of a brand, it is a journey of shaping a story driven by passion, purpose, and precision. We started AuTiC with a simple belief: that luxury today should mean more than something you wear. In a world where presence often feels loud or excessive, we chose to create something quieter, more personal and rooted in identity.

Our pieces are crafted in **Aerospace-grade Titanium, ReBorn Gold and Natural Diamonds**. These advanced materials are transformed by skilled artisans with our ArthaKarma. The result is a piece that feels as meaningful as it looks.

Every design carries a story of confidence, connection, and memory. We don't just create to be displayed for the world but we create for people who believe that true luxury is not only about being seen but about being felt.
